## Stain removal guidelines:

Please read in conjunction with the leather care instructions on the label of your furniture. In all cases: Blot, don't rub. Act immediately to remove spills and soiling. Use the cloth provided or another white cloth.

If any stain remains after following the guidelines below proceed with the Leather Cleaner. Following the instructions on the label and website.

If you can't remove the stain it is very important that you contact us within 5 days on 0800 858 723 or visit [www.premiumfurniturecare.co.nz](http://www.premiumfurniturecare.co.nz)

### Liquid Spills:

1. Use a dry cloth or towel to blot up all liquid; the cloth will absorb the liquid leaving the area dry and clean.
2. If the spill is not yet completely removed or has already dried-up dampen the cloth with water and clean the area, then blot/wipe with a dry cloth till all moisture is removed.

### Food Spills and Chocolate:

1. Using a spoon, remove as much food as possible.
2. Use a dry cloth or tissue to finish cleaning and drying the affected spot.
3. If any residue remains, use a damp cloth to clean the area.

### Blood and Milk:

Follow the liquid spill procedure.

### Coffee and Tea:

Hot liquids may be absorbed by the leather faster. If this occurs, use a damp cloth as the first step.

### Vomit and Urine:

1. Use a dry cloth to blot up and remove all liquid.
2. If any residue remains, follow the liquid spill procedure.

### Ink, Oil, Grease and Shoe Polish:

Apply a small amount of Leather Cleaner to a clean cloth and wipe over the spot. Work slowly and gently. If unsuccessful contact us.

### Nail Polish:

We strongly recommend keeping liquid nail polish away from your suite however, if spilled immediately use nail polish remover on a cloth to remove as much as possible. Whilst this may remove some of the leather colour it will do less damage then letting it dry up on the leather. Call us immediately.

### Unknown Spills:

If you wish to remove a spill using a method not described above or if something spilled is not listed in this Service Plan, you must call us before acting.

### Additional Care Products Note:

If you find that during the term of The Service Plan you require more products, please call us and we will provide further products at no charge to you. Proof of purchase will be required.
