Please read the information provided in this document, it will assist in keeping your upholstered bedroom furniture looking great for years to come. The product protection covers accidental stains and damage which happen in the home during the use of the bedroom furniture for its intended purpose in accordance with the bedroom furniture manufacturer's recommendations.

For full protection of your new upholstered bedroom furniture using our products, please apply the Upholstery Protector **before using the bedroom furniture**.

The Service Plan is supplied and directly serviced by TF Group Ltd. You are also protected by the Consumer Guarantees Act 1993 (CGA).

The CGA protects consumers by automatically giving them basic, guaranteed rights for goods they purchase (Consumer Guarantees) at no charge. Under The Service Plan the CGA would apply to the following goods:

- The Upholstery Protector products,
- The replacement upholstery of the furniture we may upholster after damage occurs.

The CGA applies to goods and services of a kind ordinarily acquired for personal, domestic or household use or consumption and which are not being acquired for resupply in trade, to consume in a process of production or manufacturing, or repair or treatment in trade of other goods and fixtures. Generally, the CGA requires suppliers to guarantee that their goods; are of an acceptable quality; are fit for a particular purpose; comply with any description given or with any sample or demonstration model used; arrive on time and in an acceptable condition; have spare parts and repair facilities available; and are legally able to be sold. If a Consumer Guarantee is breached due to serious failure by a supplier; consumers are entitled to choose between; replacing the goods, or a refund, and to claim compensation for any reasonable foreseeable loss or damage suffered as a result of the failure; or consumers can keep the goods and seek compensation for any reduction in the value of the goods below the price paid. Where the failure is not serious, the supplier can choose to remedy the failure by either repairing or replacing the goods or providing a refund. Consumer Guarantees generally last for an amount of time that is reasonable in the circumstances, given factors including the cost and quality of the goods, the use made of the goods, or any representation made by the supplier or manufacturer.
